The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-800-291-1425 or go to www.umwafunds.org. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary/ or call 1-800-291-1425 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	$150 deductible per family* for physician and non-hospital and related services	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the policy, the overall family deductible must be met before the plan begins to pay. *Family includes individuals without other family members on the plan.
Are there services covered before you meet your deductible?	Yes. Preventive care by a Participating Provider List (PPL) provider and routine vision care services are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	Yes. $150 /family for hospital related services* $300 /family for unauthorized non-PPL services** There are no other specific deductibles.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services. *Hospital related services are inpatient hospitalizations, Skilled Nursing Facility admissions, and outpatient emergency room services. **Unauthorized non-PPL services are services from a non-PPL provider obtained without required precertification
What is the out-of-pocket limit for this plan?	$1,000 /family for physician visits and hospital and related charges $1,000 /family for prescription drugs	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, the overall family out-of-pocket limit must be met.
What is not included in the out-of-pocket limit?	The extra cost of using brand name or non-preferred drugs, balance-billing charges, and uncovered health care.	Even though you pay these expenses, they don't count toward the out–of–pocket limit. The $300 deductible for unauthorized non-PPL services also does not count toward this limit.
Will you pay less if you use a Preferred Provider?	Yes. See www.umwafunds.org or call 1-800-291-1425 for the Participating Providers List (PPL).	This plan uses a PPL. You will pay less if you use a provider on the PPL. You will pay the most if you use a non-PPL provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your PPL provider might use a non-PPL provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No	You can see the specialist you choose without a referral.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
